Re: Colour Code System

The Administration office has implemented a 4 colour code system that indicates levels of needs that can be displayed in your window or door. We kindly ask that you participate in this program to assist our community to determine where your needs are, if any.

Simply place the sign in the window or door that is visible to traffic by the road.

We are also asking that you keep a lookout on your neighbours and let us know if they require assistance. You can call the Administration office at 705-285-4335.

We will have staff and volunteers help assist in this initiative. We understand that there are some residences that are tucked away, however we plan to ensure that those locations are checked.
